Very classic text in Mechanics of Materials and my favorite edition is the second edition of Mechanics of Materials, 1976 (My all time favorite mechanics book). I own all Popove's mechanics books (And some 30 books in mechanics of solids) and they are really top notch level in their field. Despite the typos that other people pointed out (Which is not Popov mistake), I think this is one of the best texts in mechanics of materials and well deserve to look at by all engineering students who are ...
