A Japanese sword (Japanese: 日本刀, Hepburn: nihontō) is one of several types of traditionally made swords from Japan. Swords have been made from as early as the Kofun period, though most people generally refer to the curved blades made after the Heian period when speaking of "Japanese swords". There are many types of Japanese swords that differ by size, shape, field of application and ...

Diva Nation explores the constructed nature of female iconicity in Japan. From ancient goddesses and queens to modern singers and writers, this edited volume critically reconsiders the female icon, tracing how she has been offered up for emulation, debate or censure. The research in this book culminates from curiosity over the insistent presence of Japanese female figures who have refused to ...
