So get into some good habits when using your DAW and you'll at least be approaching your music productions from a good starting point. Use custom templates in your DAW to store effects on each track (an EQ and compressor is always good), or your favourite instruments and loops. Have a different template set up for different genres if you like, but get into some good habits before losing some of the bad ones. Talking of which... 7. Break the habit

10 Tips for Better DAW Production - Losing Bad Habits ...

Sequencers/DAW's More specifically, of course, it's the software that the computer runs that turns it in to a music production powerhouse. This software enables the recording, mixing and mastering of music tracks and is called a 'sequencer' or the rather grander-sounding 'Digital Audio Workstation' (DAW). Sequencers vary in price from free to hundreds of pounds and, combined with ...
