This phenomenon is called tense. In English, for example, adding the morpheme -ed to the verb walk, to form walked, indicates that the event denoted by the verb occurred before the present time. What is called aspect, on the other hand, deals with the internal constituency of actions, events, states, processes or situations.

**Tense and Aspect (Stanford Encyclopedia of Philosophy)**  
• The verb-forms that show differences in time are called tense. It is important to know that tenses are formed by changing the verb. • Tenses are also formed by adding auxiliary verbs. • On the other hand, aspect refers to the changes in verb-forms that express other ideas besides differences of time.

Past Tense --- Past tense expresses an action or situation that was started and finished in the past. Future Tense --- Future tense expresses an action or situation that will occur in the future. CONTENTS 6. Based on Aspect Verb tenses may also be categorized according to aspect. Aspect refers to the nature of the action described by the verb.

**English tenses - LinkedIn SlideShare**  
tenses, aspects and the passive voice, are highly conventionalized. While the perfect aspect, for example, can be found in introductory or literature review sections of academic papers, the progressive aspect is hardly ever found in written academic genre. Similarly, uses of the passive voice are largely expected throughout a text.

What aspect allows you to do is situate, more exactly, your verbs in time, so if you're telling a story and you wanna indicate when something happened in that story, then you would use verb tense to indicate when it happened, and the next layer of complexity after that in terms of being specific about when stuff happens in time is aspect, but I'm gonna teach you today about the simple aspect, which I don't really need to teach you about to be frank because you already know what it is.

**Simple Aspect (video) | Khan Academy**  
The present perfect is a grammatical combination of the present tense and perfect aspect that is used to express a past event that has present consequences. The term is used particularly in the context of English grammar to refer to forms like "I have finished". The forms are present because they use the present tense of the auxiliary verb have, and perfect because they use that auxiliary in ...
